NUCALA for Severe Asthma

Phone: 1-844-468-2252 Fax: 1-844-237-3172

Hours of Operation: Monday through Friday, 8AM to 8PM ET

IMPORTANT: This Services Request Form cannot be fully processed without both the patient and provider signing and dating this form.

Gateway to NUCALA offers the following services to patients and healthcare providers (HCPs) as described below.

- **Benefits Investigation & Prior Authorization (PA) Research:** Gateway to NUCALA investigates the patient's medical and prescription benefits as well as coverage rules for the patient's insurance plan, including PA or predetermination criteria. **IMPORTANT:** Gateway to NUCALA may not submit PA requests to a Payer.
- **Specialty Pharmacy (SP) Triage:** Gateway to NUCALA will send the prescription referral to a specialty pharmacy that is in the patient's network. SP selection varies based on third-party payer requirements and patient cost-share. Patient and provider preferences will be considered where possible. If the patient has applied, and is subsequently approved, for co-pay assistance, Gateway to NUCALA also sends the patient's co-pay information to the SP.
- **Co-Pay Program:** If a commercially insured patient requests it, Gateway to NUCALA researches the patient's eligibility for the Co-pay Program for NUCALA.
- **Patient Assistance Program (PAP) for Uninsured Patients:** Uninsured patients may be eligible to receive NUCALA free of charge. If requested by an uninsured patient, Gateway to NUCALA researches the patient's eligibility for PAP. Patients must fill out the PAP Applicants Only section on Page 2.
- **Prior Authorization Tracking Assistance:** Gateway to NUCALA tracks the status of a PA once submitted, and if applicable, researches reasons that the PA was denied.
- **Claims & Appeals Tracking Assistance:** Gateway to NUCALA provides details on next steps required for an appeal and tracks an appeal once submitted by the provider.

PROVIDER AND/OR PATIENT TO FILL OUT THE FOLLOWING SECTIONS:

SERVICES REQUESTED: Check the appropriate boxes at the top of this form to request that Gateway to NUCALA perform the services requested. Once services are completed, Gateway to NUCALA will call the patient and provider to review the results. A written summary of the results will also be mailed to the patient and faxed to the provider.

INSURANCE INFORMATION: NUCALA may be covered under the medical or pharmacy benefit. Include legible copies (front and back) of the patient's medical and pharmacy insurance card(s). Include primary, secondary, Medicare/Medicaid (if eligible), and pharmacy benefit insurance information to ensure that ALL potential coverage options can be explored.

PRESCRIBER, ACQUISITION, AND ADMINISTRATION INFORMATION: Please indicate here how NUCALA will be acquired.

- **Buy and Bill:** If the provider will purchase NUCALA directly for administration in his/her office, choose this option.
- **Specialty Pharmacy (SP):** If the product will be ordered through a SP for administration in the provider's office, please choose this option. If requesting that the prescription referral be triaged to a specialty pharmacy, check the Specialty Pharmacy Triage service at the top of the form.
 - The provider will need to complete two additional sections: 1) **Prescription Referral Information**, and 2) **Diagnosis and Clinical Information**.
 - It is important for the patient and provider to promptly return calls from the SP to minimize delays in processing the prescription and to coordinate any PA requirements and shipping.
- **Hospital Outpatient Department (HOPD)/Alternative Site of Care (ASOC):** If the patient will be receiving the injection at a location other than the provider's office, select this option and complete the Administering Site information included in the Prescriber, Acquisition, and Administration Information section.
- **Undecided:** Select this option if it is not yet determined how NUCALA will be acquired. Gateway to NUCALA will investigate the patient's benefits and research PA requirements.

BRIDGE TO NUCALA PROGRAM: When requested on behalf of a commercially insured patient, Gateway to NUCALA will research the patient's eligibility for the program. The **Diagnosis and Clinical Information** section should also be completed if the patient is being assessed for eligibility.

I understand that my Healthcare Providers will not and may not condition my treatment, payment for treatment, eligibility for or enrollment in benefits on whether I sign this Patient Authorization and Release.

Revoking this authorization will prohibit further disclosures by my Healthcare Providers based on this authorization after the date written revocation is received, but will not apply to the extent that they have already

taken action in reliance on this authorization.

After this authorization is revoked I understand that information provided to GSK prior to the revocation may be disclosed among GSK and the company or companies that help GSK administer the programs in order to maintain records of my participation, but it will not be otherwise disclosed or used.
